

Our company has huge experience in producing the racing sails made from various sailcloths: different kinds of dacron, different kinds of laminat, Square and many other cloths. We make sails to racing yachts according to the newest class rules, we make the logos, signs and numbers on the sails. We design the sails individually to the class and yacht so that the sails work perfectly. We made typical racing sails to many yachts eg: H-boot, Dyas, longtze, Omega. MAXUS, Tango and many other. Each yacht even not racing can have the sails in racing profile and WE can make you these sails.
